Members, AASHTO Right of Way Subcommittee
and Registrants,
1995 AASHTO/FHWA Right of Way Conference

Dear Ladies and Gentlemen:

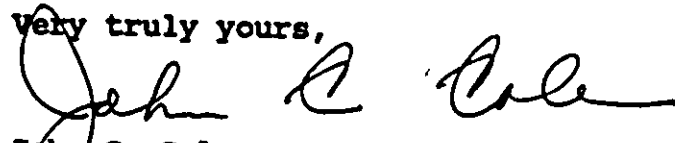

The AASHTO Right of Way Subcommittee is, for the first time, making available a compilation, in summary form, of the issues discussed at the 1995 AASHTO/FHWA Right of Way Conference in St. Louis, Missouri, April 2-6, 1995.

It is hoped that the annual conference can be more useful to the states and FHWA if employees and staff who were unable to attend can have access to the important information discussed at the meeting. Therefore, please feel free to copy and distribute this booklet (or portions of it) to your staffs as needed.

If this information is valuable to you or if you have suggestions for improvements, please advise me or let your regional subcommittee representative know so we can decide whether to continue preparing this information for future conferences.

Thank you for your support of the AASHTO Subcommittee on Right of Way and your participation in our annual conference.

Very truly yours,

John C. Cole
Chairman AASHTO R/W Subcommittee
