Leveraging the Private Sector for Innovation and Efficiencies

- 70% of Design Engineering
- 90% of ROW Activity
- 42% of Construction Engineering
- 100% of Construction
Mountain View Corridor
Mountain View Corridor

Initial Build – Utility Cost Savings: EIS Plan Routes vs. Final Design

COST SAVINGS: $3.3 M (44%)
Technology is Key
UPLAN is an interactive mapping platform that supports UDOT by helping visualize our data, track our assets and strengthen our transportation planning with better analysis and collaborative information. Click on any item above for more information.

UDOT is about more than roads, repairs, and maintenance. Our mission is to preserve infrastructure, optimize mobility, zero fatalities and strengthen the economy.
